

Name: Sofia Conti

Age: 22

Location: Bologna

Education: Undergraduate student in Digital Humanities

Tech Skill Level: Intermediate

Devices: Laptop, tablet

Background

Sofia is a university student passionate about combining history with digital technology. She enjoys interactive experiences that make academic topics more engaging and memorable.

Goals

- Learn historical/scientific concepts in an interactive way
- Explore educational games for coursework
- Discover lesser-known historical figures

Motivations

- Enjoys making learning feel like exploration
- Prefers storytelling over passive reading
- Interested in Italy's scientific heritage

Frustrations

- Dense academic texts
- Static educational material
- Overly complicated game mechanics

Quote

"If I can learn history by making choices and exploring different paths, I'm much more likely to stay engaged."
